

Instructions for wear checks of play equipment

The equipment must be checked for correct operation and safety, especially the points listed below:

Proof of maintenance

Playground

Date of installation

Checks depend on the type of equipment. Any equipment with moving parts must be checked at least twice a year, static equipment at least once a year.

Intervals for maintenance work and checks generally depend on

- location
- kind of use
- frequency of use
- possible vandalism

For more details see also "General instructions for maintenance of playgrounds".

See-saw
Order No. 6.11500

Note
If necessary, check tyres dug in on site (for shock absorption) for wear and tear, replace if required.

Wooden parts

1. Check for rot and, if necessary, smooth out splinters and round off sharp edges of cracks.
2. **Recommendation:** apply paraffin wax to the upper end grain areas once a year, please refer to Order No. 0.90100, 1 litre.

See-saw mechanism

3. Check that all bolts and screws are tight and retighten if necessary.
4. Check brass bush for wear and tear, replace if necessary.

Handles

5. Check for stability.

Structural stability

6. In order to check for rot at wooden parts or steel feet for corrosion, uncover the foundation once a year.

Special notes, e.g. for repairs

Repair not carried out, it is still possible to play on equipment

Repair not carried out, equipment is taken out of action

All work carried out, everything is in order

Maintenance carried out by:

For spare parts refer to back of page.

..... Date

Spare Parts
See-saw
Order No. 6.11500

Please note that the safety standards of the equipment must not be affected. Therefore, when carrying out repairs it is helpful to **only use original parts**.
