

Instructions for wear checks of play equipment

The equipment must be checked for correct operation and safety, especially the points listed below:

Proof of maintenance

Playground.....

Date of installation

Checks depend on the type of equipment. Any equipment with moving parts must be checked at least twice a year, static equipment at least once a year.

Intervals for maintenance work and checks generally depend on

- location
- usage
- frequency of use
- possible vandalism

For more details see also our general instructions for maintenance of playgrounds!

EVOTRAINER® Outdoor
Order No. 12.00410

Mechanics

1. Lubricate bearings, at least every 6 - 8 weeks (lubricating nipple is located under cover plate).

Wooden parts

2. Check for rot and, if necessary, smooth out splinters and round off sharp edges of cracks.
3. Check that all bolts and screws are tight and retighten if necessary.
4. **Recommendation:** apply paraffin wax to the upper end grain areas once a year, please refer to Order No. 0.90100, 1 litre.
5. If necessary, treat the surface (oil).

Structural stability

6. Check anchoring to the ground every 12 months.

Special notes, e.g. for repairs

Repair not carried out, it is still possible to play on equipment

Repair not carried out, equipment is taken out of action

All work carried out, everything is in order

Maintenance carried out by:

..... Date
